We strive to assist parents with the Christian education of their children. God's Word is applied in every class and activity throughout the day.

It is our goal that the children in our care grow in their knowledge of their Savior Jesus Christ, and be equipped for useful, God-pleasing lives.

The truths of God's Word are instructed through daily devotions, prayers, and Bible study. In addition, all subjects are taught from a Christian perspective and world view.

## Curriculum Overview

Valley Bible Academy offers a complete curriculum developed in accordance with Washington state guidelines in establishing academic requirements. We have an experienced teacher with a degree in Elementary Education from Immanuel Lutheran College in Eau Claire, Wisconsin and a degree in Education and History from Lewis-Clark State College in Lewiston, Idaho.

In addition to the formal study of God's Word for all levels, the following subject areas are taught in the light of God's Word:

- Reading/Phonics
- Mathematics
- Language Arts (including spelling, grammar, penmanship, and composition)
- Social Studies
- Science
- Music
- Physical Education

## We offer...

- Classrooms equipped with computers, and Internet access
- Field trips throughout the year to area sites
- Drama through the presentation of school plays
- Scholarship assistance is available
